

## **July 2012 Crop Circle (And Perhaps an Occasional Ghost) Adventure!**

**Come With Us!**

**Meg Blackburn Losey, Ph.D., author of "The Secret History of Consciousness" And Dannion Brinkley, author of "Saved by the Light"**

**For 12 days in England July 15th - 27th, 2012**

**We will be exploring and discovering crop circles and an occasional ghostly encounter across the countryside!**

Our General Itinerary  
~ (Exact order of  
events will be fluid  
and flexible based  
upon crop circle  
appearances!)

You will land at London Heathrow Airport in time to time travel with us, from Old Town Brighton, to a Medieval Castle, through ancient history, and Neolithic Stone Circles and on to the Future of Crop Circles. We will take you on an adventure unlike any other, lovingly supporting you as open yourself to the powerful energies of the land of England and the mysteries of Crop Circles.

The focus and intent of this special tour will be exploring crop circles as they appear this season. Can we as a group intend them to appear near us? Will they? Imagine the excitement as we awaken in the morning to discover that one has appeared just a few miles away from where we slept! As you step into a freshly placed circle and sense the energies you will have the opportunity to “tune in” to receive any messages intended for you. We will take the time to enjoy each new pattern fully.

After arriving in London, you will be escorted a short distance to the quaint little seaside town of Brighton, the vacation choice of European Royalty for centuries, to rest and refresh yourself while enjoying the beautiful views of the English Channel from your hotel window. You can indulge yourself at the onsite spa, or spend some time browsing through the exquisite shops of Brighton’s “Lanes”, before we gather for our Welcome Dinner. A day of relaxing on the shores of the English Channel, and exploring the sites of Brighton while you acclimate to the new energies and time zone. After a night’s rest and a beautiful buffet breakfast we will board our coach bound for world famous Arundel Castle. There are nearly 1000 years of history carried in the walls of this

castle. Apart from the occasional reversion to the Crown, Arundel Castle has descended directly from 1138 to the present day, carried by female heiresses. If you are tuned in, you might even encounter one of the castle’s ghostly residents! We will return to our sea-side hotel for a second night before leaving to travel Northward to the area most renowned for the appearance of crop circles.

*The majority of the itinerary will be very fluid, allowing*

us the flexibility to be able to go to the newest crop circles as they appear. As we travel through the beauty and magic of England we will stop at many powerful sites along the way. **We have a private sunrise entrance arranged at Stonehenge** where our group will have exclusive access to the area right amongst the stones, so you can have the privilege experiencing each of the stones without a crowd! Then we will walk through what is believed to be the oldest stone henge, even older than Stonehenge, that is found at Avebury. An incredible site to experience!

You will be introduced to Glastonbury, the ancient Isle of Avalon, a centre of pilgrimage even as far back as the days of Joseph of Arimathæa. We will spend some time amongst the peaceful ruins of the Glastonbury Abbey, where King Arthur's grave is claimed to be. The Abbots Kitchen still stands as the only intact building left on

the site, which closed in the late 1530's.

We have arranged an exclusive private entrance to the Chalice Well, where you will be introduced to the sweet energy of the area, and have time to meditate quietly on your own, as well as participate in a group meditation around the well.

Climb the Glastonbury Tor and marvel at the view while remembering the ancient Druids that chanted in this location 24 hours a day. Glastonbury Tor is home to Gwyn ap Nudd, King of the Fairies.

Of course, there will be time to explore the many shops of Glastonbury and all the treasures that they have to offer.

During our stay in Bath you will be able to visit the ancient Roman Baths that were a part of everyday life in Roman times. We will take a short drive to experience the standing stones at Stanton Drew, a little known area that has not yet been developed or commercialized.

At the close of our journey we will enjoy our farewell dinner and last evening together. In the morning it will be a short trip to the airport and your return flights home.
