

England Tour

•Our 5 day and 4 night journey will allow us time to enjoy a relaxing trip by coach through the beautiful countryside of Scotland and England to mystical Glastonbury – fabled Avalon, a region steeped in Arthurian legend and the second location we have visited where druids chanted 24 hours a day 7 days a week. Where we will stay in one hotel for the 4 nights and experience the wonders of the area.

•Our first morning will be a special treat for the first 24 people to register for the trip. We have the rare and exciting privilege of being granted a private entrance to the inner stones of Stonehenge. (Limited to 26 participants) Dr. Meg will lead us in a meditative ceremony to connecting our ancient energies with our present life experiences.

•We will also travel to Avebury to explore one of the world's largest and most complex monuments of the Megalithic Age. Both lunar and solar ley-lines cross this area, allowing us to balance our own masculine and feminine energies.

•Silbury Hill, part of the complex of Neolithic monuments around Avebury, is the tallest prehistoric man-made mound in Europe and one of the world's largest. Many legends tell various stories as to its origin.

•This part of England has become well known for the appearance of crop circles....possibly we will be able to see some first hand!

•Glastonbury Tor a portal to the famed land of the Mists of Avalon, home of Gwyn ap Nudd, the King of the Fairies and a place where the fairies live. Legends abound about the Tor; however, the conclusion is that the Tor is a place where the veil between the worlds is thin.

•Glastonbury Abbey, the birthplace of celtic Christianity and the site of King Arthur's grave.

•The Chalice Well, a pilgrimage site for many thousands of years for those seeking physical and emotional healing from its iron-red waters. See the vesica pisces-shaped pool and learn of this fundamental symbol of sacred geometry.

•Wearyall Hill where Joseph of Arimethea is thought to have planted his staff

•Of course, we will spend some time browsing through the many spiritually based shops that line the streets of Glastonbury.
