Introduction

In this new dawn, our hearts and our minds are awakening to be ready for offering our service to the evolution of all life. We have come to realize that we can be the “bridge people”, people with the commitment of being a catalyst to help with the evolution and expansion of consciousness. Historically speaking, one of the greatest questions we have had is understanding the different kinds of beings in the Cosmos: we as human beings, and the intra-terrestrial or extra terrestrial beings whom many have encountered over time.

One of the regions on our planet that is richest with mythology, stories and new experiences is the High Plateau and Lake Titicaca. In Peru, this area is referred to as the Navigation Zone, the Secret Base and the retiring place of Masters who come from superior dimensions and intergalactic portals.

The Conference

The ancient name of the Lake Titicaca is Wiñaymarca, which means The Eternal City. We are being invited to RE- join and to RE-connect with our brothers and sisters, even colleagues of other worlds. We are ready to experience the new frequencies of this new cycle without prejudices, together with many writers, contactee researchers / seekers from different areas all over the world, who are anxious to share their experiences with us.

- We will be sharing information about subjects such as:
- Navigation Zone in the Andes
- The Intra-terrestrial and sub-aquatic world in the Lake Titicaca
- Pre Inca Cultures related to extra terrestrial life
- Sunken civilisations: The Atlantis and Lemuria
- The Solar Disc and its service to all humanity
- Star Families
- Nasca Lines, Cahuachi and Chillca as Watching areas
- Positive messages which are received in this new cycle
- Andean Experiences
- Techniques and practices to elevate our vibratory frequencies
- Pills for a spiritual growth
- Multidimensional Realities
- Sky Watch every night.
