## **INTRODUCTION**

All in the planet Earth are experimenting very special times, and in the Inca Tradition, we call it A New PACHACUTI. We are ready to get into a New day, although there are still signs of night. However, we should pay attention to what this new vibratory frequency means, because this New Day of this cycle of 500 years brings the returning of spirituality in each one of us.

The ones who accept the Cosmos invitation to life, to expand our real being with the enthusiasm that life gives to us: Mystic Andean Masters, do not want to wait in our seats the date of December 21st, 2012, we think that the great moment has begun already and it is in each one of us, when we are active and alive, when we expand the MUNAY (love), LLANCAY (service) and YACHAY (wisdom). So, after the events such as Mystic High Plateau, The Prophecies and the Andes, the Activation 11/11/1992, Metaphysic Meeting with people of Lord Meru in 2002, Reuniting the Eagle and the Condor in 2007 and other activation with different kind of schools, we are celebrating, all over the world, a unique reconnection with the Mother Earth and the Father Sun .

Under the consent of the zenith, we will meet in communion with our Inner Sun, the Father Sun and the Sun behind the Sun.

This reconnection has to do with the legendary Solar Disk which is underneath the waters of our Sacred Lake Titicaca. The zenith, a moment when the Sun is in the centre perfectly aligned with the Mother is on February 14th, date when Love's Day is celebrated in many places in the world, thus it is when we have an appointment with our own Love.

Our ancestors used to consider the Lake Titicaca as a special Sacred Lake, they used to organize pilgrimages to meditate and to take some decisions, being spiritually elevated and to be purified because every island in the lake is a Huaca, an altar where superior and lofty entities are. Having the wonderful scenery of the Great Mama Cocha (mother water) and with the light of the Pakarina (place of origin) we will live and experience unforgettable moments that only our Inner Christ can dimension.

Such an important pilgrimage for the Children of Light cannot be refused. The Activation of the Solar Disk will bring for us the fire of life, the ethers and sublime energies to produce an effect of flood that vitalize and purify all what is in the way, firing, cleaning and

eliminating all what is not pure in ourselves. This impetuous current of energies, keepers of life, makes that every alive being get joy and happiness.
